

LETTER

## **BREAKING RULES**

Today Andhra Pradesh is in inferno. The problem to and not to separate Telangana from AP is a burning issue. Stumbling statement of Union Home Minister in this regard is the root cause for this turmoil. But Union Minister's statement was made outside the Parliament neither having Parliament's ratification nor unanimous support from UPA alliance.

Atrocious arsons and violence are spreading day by day in AP. Moneyed class is allegedly monopolizing the on-going agitations in the State. MLAs and Ministers have slammed their resignations enmasse endangering the locus standing of the Ruling Party. MPs from AP after tendering resignations have lost rapport in Parliament. Some of the opposition parties however retracted.

Rulers are breaking rules for their vested interests stamping down the human rights and civil liberties in AP Entire state is in a state of 'No State'. The ruling Congress Party has failed to defuse this unpleasant situation.
